

Google Classroom

We will utilize Google Classroom as our online platform in case our individual class, school, or district moves into distance learning. Please become familiar with Google Classroom by visiting our class site regularly. In the case of a school closure, families will have to help students engage in lessons and assignments on Google Classroom. The district has built into our calendar "distance learning days" where we will practice using our online platforms.

Each student in our classroom has a Google Account. Use the steps below to login to your child's google account from home.

To sign in to your student's Google Account:

- Go to the sign in page (myaccount.google.com)
- Enter your google username _____@student.pcps.us
- Enter your password

Once your student is logged into their Google account they are able to access Google Classroom.

To sign in to Google Classroom:

- While logged into your Google account, click on Google apps (upper left of the screen, 9 dots in the shape of a square).
- Click on Google Classroom
- Click on the plus sign (upper left)
- Click join class
- Enter the class code
